Gov. Code Sections 810, et seq.) filed against the Plan at the time of program application or at the time additional funds may be payable, and has demonstrated the intent, in the Plan's sole determination, to continue to work together with Plan on addressing community and Member issues. Additionally, at the direction of the CEO or their designee, the Plan may determine that a Provider is not in good standing based on relevant quality, payment or other business concerns.
- Participation in the IEHP Direct Stars Incentive Program, as well as acceptance of incentive payments, does not in any way modify or supersede any terms or conditions of any agreement between IEHP and Providers, whether that agreement is entered into before or after the date of this communication.
- There is no guarantee that future funding for, or payment under, any IEHP Provider will be modified or terminated at any time, with or without notice, at IEHP's sole discretion.

- Providers will not charge IEHP for medical records for HEDIS, Risk Adjustment, and other health plan operational activities.

Financial Overview

The annual budget for the 2025 IEHP Direct Stars Incentive Program for PCPs is $1 million. Providers are eligible to receive financial rewards for performance excellence and meeting the CMS Star rating requirements. Financial rewards are based on a star rating system, increasing financial rewards as Providers reach each level of higher performance. The incentive payment for the 2025 performance period will be distributed via a monthly Per Member Per Month (PMPM) Quality Payment beginning in July 2026 and continuing through June 2027 and paid based on your IEHP Direct D-SNP monthly Membership.

☑ Scoring Methodology

Payments will be awarded to PCPs based on individual performance in reaching established Quality Goals (e.g., star ratings for each measure). The measures within the IEHP Direct Stars Incentive Program follow the Centers for Medicare and Medicaid (CMS) specifications (including HEDIS® measure criteria). The eligible population is defined as the set of Members who meet the denominator criteria specified in each measure by NCQA. For each measure, the measure score reflects the proportion of the eligible population that complies with the numerator criteria.

☑ Payment Methodology

PCP performance for each measure will be given a star value (i.e., a measure score). Measure scores are applied based on threshold cut points that are assigned per measure. Providers with an overall star rating of at least 3.0 or greater will be eligible to earn incentive dollars in this program. Providers with an overall star rating of 2.5 stars or below will not be eligible for an incentive in this program.

Providers with at least three quality measures that meet the minimum denominator size (10 or more Members) will be considered for payment calculation.

Calculating the Star Rating

The following formula will be used to calculate the overall **Star Rating Performance Score**:

Star Rating Performance Score =
Sum (measure star rating * measure weight) / Sum of measure weights

Note:

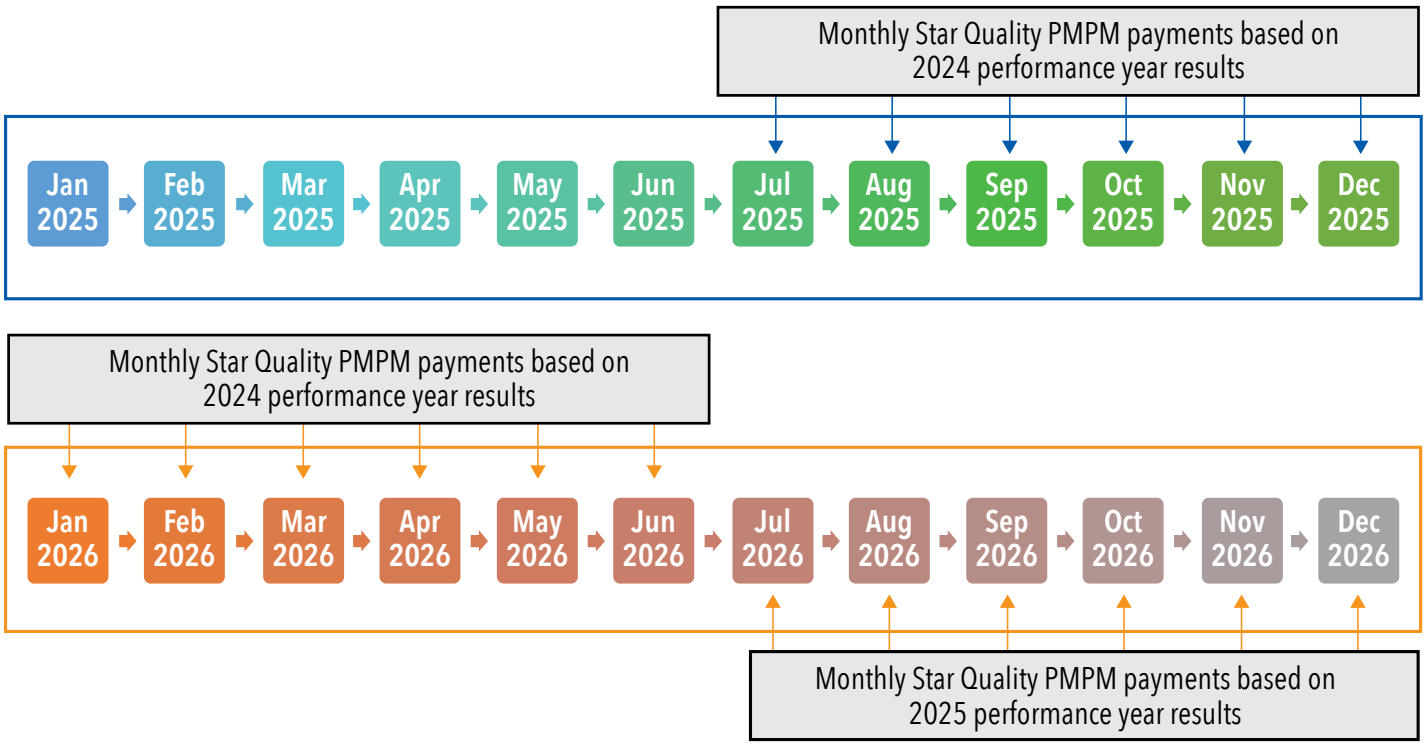
- Star rating will determine Star Quality PMPM awarded to Provider
- Overall star rating follows the rounding rules found in the 2025 IEHP Direct Stars Incentive Program - Incentive Payments table below.

Calculating Overall Star Quality PMPM Incentive

2025 IEHP DIRECT STARS INCENTIVE PROGRAM – INCENTIVE PAYMENTS:		
Initial Star Rating*	**Overall Star Rating**	**Star Quality PMPM Amount**
≥ 0.750000 and < 1.250000	1.0 Stars	**Not eligible for incentive dollars**
≥ 1.250000 and < 1.750000	1.5 Stars	
≥ 1.750000 and < 2.250000	2.0 Stars	
≥ 2.250000 and < 2.750000	2.5 Stars	
≥ 2.750000 and < 3.250000	3.0 Stars	$ 5.00
≥ 3.250000 and < 3.750000	3.5 Stars	$ 8.00
≥ 3.750000 and < 4.250000	4.0 Stars	$ 10.00
≥ 4.250000 and < 4.750000	4.5 Stars	$ 12.00
≥ 4.750000 and ≤ 5.000000	5.0 Stars	$ 14.00

**The results of the initial star rating calculations are rounded to the nearest half star.*

☑ Incentive Payout Timeline



Note: Star Quality PMPM payments are based on active assigned IEHP Direct D-SNP members as of the month of payment. Providers must have active assigned IEHP Direct D-SNP members each month in order to receive a Star Quality PMPM payment for that month.

- Eligible population in this measure meets all of the following criteria:
    1. Members who are 18 - 85 years of age and older as of December 31 of the measurement year (2025).
    2. Continuous enrollment with IEHP during the measurement year (2025) with no more than one gap in continuous enrollment with IEHP up to 45 days during the measurement year (2025).

Denominator: Members 18-85 years of age with a diagnosis of hypertension.

- Anchor Date: December 31, 2025

Numerator: Members in the denominator who had a BP reading taken during the measurement year (2025) in any of the following settings: office visits, e-visits or telephone visits. The most recent BP of the measurement year (2025) will be used to determine compliance with this measure. The Provider must bill one diastolic code, one systolic code and one visit type code.
