

PATIENT EXPERIENCE IMPROVEMENT INCENTIVE PROGRAM MONTHLY ATTESTATIONS - MILESTONE # 3

Thank you for your ongoing participation in the **Patient Experience Improvement Incentive Program**. As you progress into **Milestone 3: Activity Implementation**, we want to ensure you are fully informed of the requirements needed to maintain eligibility for the associated \$0.50 PMPM incentive.

Monthly Attestation Requirements (September 2026 – February 2027)

By the **30th** of each month*, Providers must submit an attestation via **Qualtrics** confirming completion of the following:

- Current implementation of the approved improvement plan
- Monitoring progress using relevant data
- Ensuring the activity is built into the standard daily workflow
- Adjusting the activity as needed based on data and observations

Why This Requirement Matters

These attestations are essential for:

- Verifying active engagement in patient experience improvement efforts
- Ensuring that planned activities are operational, measurable, and optimized
- Supporting consistent performance tracking across the program
- Maintaining compliance for incentive payment eligibility

Your monthly attestation helps us highlight the meaningful work your team is doing and ensures you receive full credit for your efforts while continuing to strengthen patient experience outcomes.
