**Subject:** COVID-19: Test to Treat Monoclonal Antibodies

---

---

The **COVID-19 Test to Treat** sites offer Members to get tested and if they are eligible for treatment (i.e. within the five-day from the onset) offers a prescription on the same day. The COVID-19 oral antiviral pills currently include Lagevrio (Molnupiravir) and Paxlovid (Nirmatrelvir/Ritonavir). Pharmacies that are not participating as a COVID-19 Test to Treat site may also furnish oral antivirals. More information can be found at the following link: <https://www.fda.gov/news-events/press-announcements/coronavirus-covid-19-update-fda-authorizes-pharmacists-prescribe-paxlovid-certain-limitations>

Please keep in mind that for members who are **beyond the five-day treatment window** for oral antivirals **should be referred to a monoclonal antibody infusion facilities.**

**COVID-19 Infusion Treatment by Infusion Sites can be found at the link below:**
