Short-Term Bereavement Counseling Training for Therapists

This training aims to equip its participants with the necessary skills and strategies to help individuals cope with grief due to suicide loss. Through this training, you will learn how to provide compassionate support developed to address the unique needs of those who have been affected by the loss of a loved one to suicide. By the end of the program, you will have gained valuable insights into how to foster healing and resilience in individuals struggling to come to terms with their grief.

TRAINING DATES: NOVEMBER 5-6

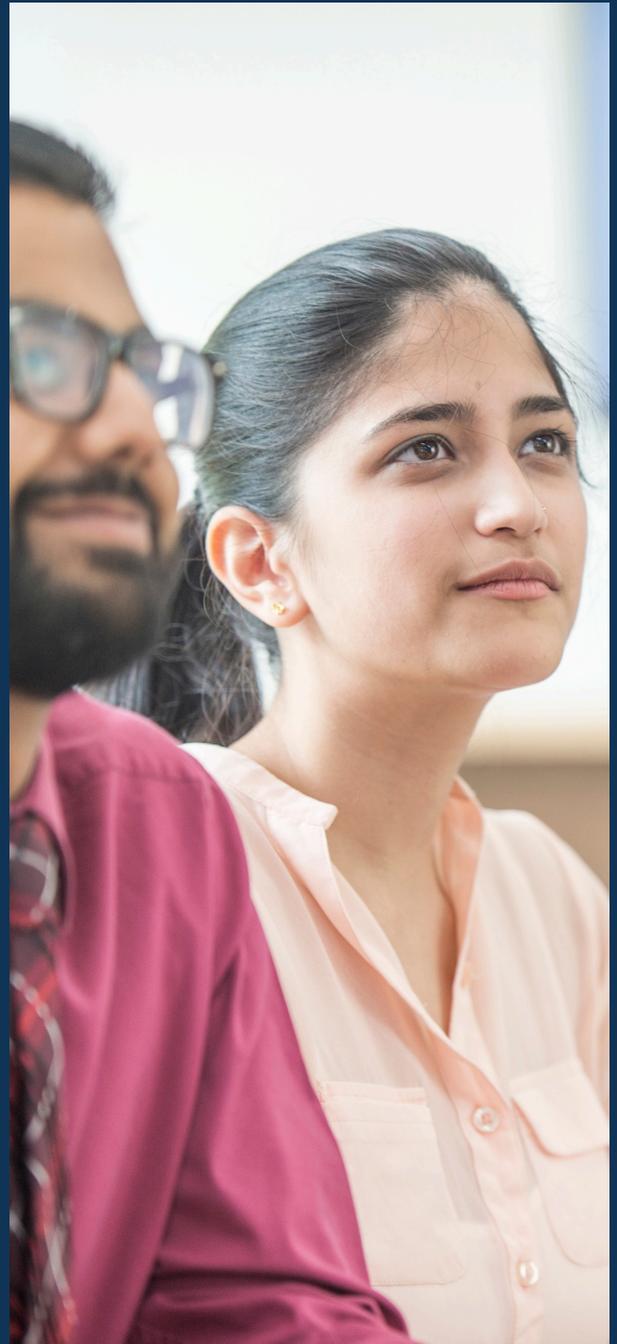

No cost to participants. CEUs offered. Limited slots available.
