Subject: **IMPORTANT: The Government Shutdown and IEHP**

As many of you are aware, Congress and the White House failed to reach a funding deal this past week, triggering a shutdown. Rest assured, critical services such as Medicare and Medicaid payments, NIH clinical care, FDA emergency functions, and CDC outbreak monitoring will continue.

While nothing is confirmed, many congressional offices believe the shutdown could end within two weeks. Although Congress is facing another funding obstacle in November.

We do not anticipate that the shutdown will affect IEHP at all, as our funding is secure. This means that our services, programs, and provider payments will continue uninterrupted.

It is our commitment to continue serving our community and alerting our providers of any updates.

If you have any questions, please contact the IEHP Provider Call Center at (909) 890-2054, (866) 223-4347 or email ProviderServices@iehp.org
