

INTEGRATING AI IN YOUR MEDICAL PRACTICE

MAY 16, 2026 | 8:30 – 1:00 PM
In-Person & Virtual Sessions Available

Artificial intelligence is rapidly transforming healthcare delivery. This focused training program equips physicians and healthcare staff with the knowledge and insights needed to responsibly integrate AI tools into clinical and administrative workflows.

PROGRAM HIGHLIGHTS

SESSION 1 – Foundations of AI in Healthcare: Understand key AI concepts. Explore practical applications of AI in ambulatory care, from documentation and patient outreach to scheduling and workflow support.

SESSION 2 – Ethics, Privacy, and Responsible AI Use: Learn how to effectively interact with AI systems, and how to apply ethical principles such as transparency, accountability, and patient privacy when implementing AI in healthcare settings.

SESSION 3 – Evaluating and Selecting AI Tools: Discover how to assess AI solutions based on clinical goals, workflow integration, performance metrics, and return on investment.

SESSION 4 – Implementation and Change Management: Gain practical guidance on integrating AI into existing workflows, training staff, and tracking performance metrics.

WHO SHOULD ATTEND

- Physicians
- Nurse Practitioners
- Physician Assistants
- Care Coordinators
- Administrative Staff
- Office Managers

REGISTER TODAY SPACE IS LIMITED

Members: \$149 per person or
\$250 per Office (up to 3 attendees)

Non-Members: \$199 per person or
\$350 per Office (up to 3 attendees)

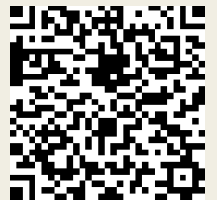

Includes CME
