

We heal and inspire the human spirit.

To: Medi-Cal Providers

From: IEHP – Provider Relations

Date: April 27, 2026

Subject: Reminder: Optimal Care for Every Community (OCEC) Training & FAQs

The **Optimal Care for Every Community Training** is IEHP’s designated DEI training program and has been released in accordance with the California Department of Health Care Services (DHCS) – All Plan Letter 24-016.

Completion of this training remains a requirement for all Network Providers. Thereafter, new providers must complete training within 90 days of their start date and once every recredentialing or contracting cycle, if they aren’t subject to the recredentialing process.

How to Access Training

Providers: please complete the training via the Provider LMS platform

1) Provider LMS platform access:

 [Please visit the Provider LMS and login](#)  

- Providers must complete the training via the Provider LMS platform
- Your username is your individual NPI number
- Please agree to the Terms & Conditions

Please note: If training is completed via the Provider LMS platform, your attestation is automatically captured upon completion of the training and passing the quiz.

2) Providers that have completed this training with another health plan:

 [Attestation Form](#)  

Please Note: If a provider has already completed this training with another health plan (Molina or Kaiser), within San Bernardino or Riverside Counties, please complete the attestation form via the attestation form link provided above.

1. To access our OCEC training, please use your existing LMS account from previous IEHP trainings, such as Medi-Cal for Kids and Teens. If you haven’t set up an LMS account with IEHP, instructions follow:

- Please visit <https://iehpprovider.myabsorb.com/>
- Your username is your individual NPI number: [NPI]
- Please agree to the Terms & Conditions
- If you have not previously set up a password, your temporary default password is #IehpAbsorb20!

Training can also be accessed by scanning the QR code with your mobile device.

Once training is completed on LMS, IEHP will automatically be notified of your completion status.

2. Providers Who Completed Training Through Another Health Plan's DEI Training Program

An attestation can be submitted if the provider has completed the training with another health plan within San Bernardino and Riverside counties. If so, please submit your attestation via the following link: [Attestation Form](#).

If you require additional training modalities, please email the IEHP Optimal Care for Every Community Training Team at OptimalCareTraining@iehp.org.

Thank you again for your attention to completing **Optimal Care for Every Community (OCEC) Training**.

If you have any questions, please contact the IEHP Provider Call Center at (909) 890-2054, (866) 223-4347 or email ProviderServices@iehp.org

Optimal Care for Every Community Training Provider FAQ

1. Q. Why do my team and I need to complete this training?

- a. The Optimal Care for Every Community (OCEC) training is IEHP's designated DEI training program. It meets the California Department of Health Care Services (DHCS) requirement under All Plan Letter 24-016 for providers and staff to complete DEI training. Completing the OCEC training satisfies this mandatory DEI training obligation. Training must be completed within 90 days of the provider's start date and once within every recertification cycle.

2. Q. Am I mandated to take this training?

- a. Yes. This training is mandated by California law and DHCS guidance and is intended to support improved care and reduce health disparities among our Members.

3. Q. How often do I have to complete this training?

- a. This training must be completed at initial credentialing, once within every recertification cycle, and any time required by changes to DHCS or IEHP policy.

4. Q. Is every provider within a practice required to do the training?

- a. Yes, every individual Provider in a practice is required to complete the training by logging into their LMS account.

5. Q. If I have completed OCEC training with another Plan, do I still need to do so with IEHP?

- a. No. If you have completed OCEC training (or another APL 24-016-related Training) with another health plan within San Bernardino and Riverside counties, please refer to the Provider LMS webpage to complete the [Attestation Form](#).

The screenshot shows the IEHP Inland Empire Health Plan logo at the top. Below it is a form with several input fields: Course, Name, L, Title/Role, Tax ID, and a dropdown menu for 'Did you complete this training with another health plan?'. A red callout box highlights this dropdown menu, and a blue button labeled 'choose Plan from dropdown' is positioned above it. A 'Submit' button is located below the dropdown. A red double-headed arrow points from the callout box to the dropdown menu.

Optimal Care for Every Community Training Provider FAQ

6. Q. What is the purpose of this training?

- a. The Inland Empire's diverse population presents unique opportunities and challenges in health care. OCEC training is designed to equip Providers with enhanced skills in sensitivity, cultural competency, humility, and health equity, supporting the delivery of optimal care to all IEHP Members.

7. Q. Is IEHP incentivizing Provider to take this training?

- a. No. There is currently no financial or other incentive for completing this training; participation is a compliance requirement.

8. Q. I just completed this training with IEHP last year. Do I need to take it again?

- a. Yes. All Providers must complete the revised 2025 OCEC training, regardless of prior completion. After this training, future completion will only be required once within every recertification cycle.

9. Q. Is this training pertaining to SB 923 – TGI Inclusive Care Act (DHCS APL 24-017 and DMHC APL 24-018)?

- a. No, this training satisfies the California DHCS requirement under All Plan Letter 24-016 for Diversity, Equity, and Inclusion training. The SB 923 TGI Inclusive Care Act training required by APL 24-017 (DHCS) and APL 24-018 (DMHC) is a separate, specific training focused on transgender, gender diverse, and intersex cultural competency.
