Subject: **NEW: Membership Limit Pilot Program – Power BI Report**

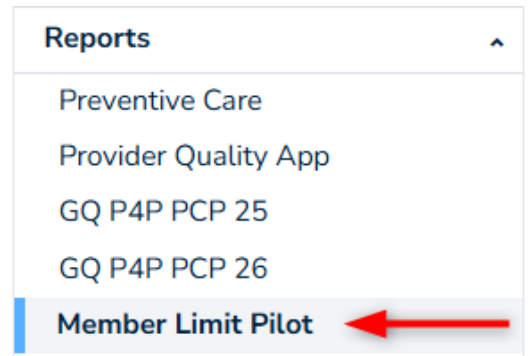

Thank you for participating in our Membership Limit Pilot Program!

As you know, our goal is to increase access to high-quality PCPs, improve Member care, and demonstrate that selected PCPs can maintain quality performance after increasing their panel size beyond the regulatory limit.

To help you monitor your quality rating, we've added a new Member Limit Pilot Report to the Secure Provider Portal. This report highlights key metrics that support the program's success, including Monthly Summary, Quality, and Member Experience & Access. Providers can expect reports to be refreshed with updated data twice per month.

Navigating the Member Limit Report

1. Access the report by logging into the Secure Provider Portal > Reports > Member Limit Pilot.

2. Click  to expand, view, and navigate the report.

3. Use the drop-down arrow to select the provider's metrics you wish to view:

4. Select the applicable Metric:

If you have any questions, please contact your assigned Provider Relations Manager.

For additional inquiries, you may contact the IEHP Provider Call Center at (909) 890-2054, (866) 223-4347, or email ProviderServices@iehp.org.
