 - In more rural areas or with extremely complex member needs, the team may meet at the member's suggested location, including their home.

How to know if Members are already enrolled

- Under the PCP Assigned Roster, Members can be filtered by program type.

The screenshot shows the 'Assigned Roster' interface. On the left is a navigation menu with options: Home, Eligibility, Care Management, Rosters (highlighted with a red box), AER Roster, and Assigned Roster (indicated by a red arrow). The main area has filter checkboxes: HRA Completed, HRA Incomplete, ECM Potential Eligibility (checked and highlighted with a red box), ECM Authorized (checked and highlighted with a red box), and IRC Enrolled. Below the filters is a table header with columns: PCP, PCP NPI, PCP Address, IPA, and Hospital ID.

- Additionally, a flag will populate on the Member Eligibility verification record.

The screenshot shows a member's eligibility verification record. At the top, it displays 'IEHPID' and 'DOS: 09/09/2025'. Below this, a yellow banner contains the text 'ECM Authorized' with a red arrow pointing to it. To the right of the banner is a link for 'Medical History Record' accompanied by a heart icon.

How to refer a Member for ECM Services?

- From the Assigned Roster, PCPs can identify Members who qualify by filtering for “ECM Eligible.” After identifying qualifying Members, Providers are encouraged to call them and ask if they are interested in being a part of the program.
- After confirming if the Member wants to sign up, email ECM@iehp.org where a representative will then reach out to the Member individually to schedule a screening.
