Subject: **Register Today: Stay Covered Coalition Webinar Series – Nov. 12, Dec. 3**

The upcoming changes to Medi-Cal, including new Work and Community Engagement Requirements and more frequent Medi-Cal renewals, are complex and burdensome. These new requirements will be particularly challenging for people experiencing or at risk of homelessness to navigate.

The Coalition will launch a comprehensive, California-specific toolkit in November to equip health care and housing providers and other partners with tools and resources to navigate these changes.

Join the Stay Covered Coalition webinar series to learn more about how you can help your clients experiencing homelessness keep their Medi-Cal coverage.

Please note, these webinars are not hosted by IEHP

Webinar 1 - November 12 @9-10:30am PT

Introducing the Stay Covered Coalition Toolkit: Tools to Protect Medi-Cal for People Experiencing or at Risk of Homelessness

An introduction to the Stay Covered Coalition toolkit and how to use it. We'll cover the basics of what is changing in Medi-Cal and why it matters for people experiencing homelessness, and show you the tools and resources available to you.

Webinar 2- December 3 @11:30am-1:30pm PST

A Deep Dive into the Stay Covered Coalition Toolkit: Work and Community Engagement Requirements and Medical Frailty Exemptions

A deeper dive into new work and community engagement requirements and medical frailty exemptions, and how they impact people experiencing homelessness. We'll look at who must meet the requirements, who may be excused, and how to help clients document it.

Who should attend? All are welcome. California homeless service providers, health care providers, street medicine providers, CoC staff, health plans, and anyone else who helps people experiencing homelessness with their Medi-Cal are encouraged to attend. Webinar content will be California-specific, but much of it will apply to national or non-California partners concerned about Medicaid access for this population.
