Subject: **NEW! Preventive Care Combined Rosters and Reports**

We are pleased to announce that **many of the Preventive Care Rosters have been moved under the Reports tab and combined** into user-friendly, comprehensive data reports.

The new Preventive Care Reports align with GQ PCP reports. Real time eligibility of Members is reflected in the Preventive Care Rosters. **Here is the preventive care data available:**

- Adult BMI
- Child and Adolescent Well Care Visits
- Breast Cancer Screen
- Cervical Cancer Screen
- Childhood Immunizations
- Chlamydia
- Screening for Clinical Depression
- Diabetes Care
- Immunizations for Adolescents
- Annual Monitoring for Patients on Persistent Medications
- Avoidance of Antibiotic Treatment in Adults with Acute Bronchitis
- Controlling High Blood Pressure
- Weight Assessment and Counseling for Nutrition and Physical Activity
- Well Care (0-15 months, 3-6 years, Adolescent)
- Prenatal and Postpartum Care

Easily download and filter the report to see all Member preventive care statuses. Outreach to Members who are non-compliant to close care gaps and maximize your Global Quality P4P efforts.
