**Subject: NOW AVAILABLE: Equity and Practice Transformation (EPT) Provider Directed Payment Program Application**

As shared last week, the Department of Health Care Services (DHCS) is launching the **Equity and Practice Transformation (EPT) program**, a one-time \$700 million program focused on transforming primary care practices to advance health equity and reduce Covid-19-driven care disparities.

**Application for participation is now available.**

Practices are encouraged to first complete a standard practice assessment tool which is available here: <https://phminitiative.com/phmcat/>

We are excited DHCS has released the [link to the application](#). As a reminder, this must be filled out in one sitting by someone with signing authority from the practice. We recommend that practices review and consider responses using the [Application Instructions](#) before filling out the actual application.

The application will be due on **October 23, 2023**.

IEHP will host an in-person overview and Q&A on September 20th. If you have not yet RSVP'd, please do so now.
