Congressman Jay Obernolte, CA-23,

is a congressional leader on artificial intelligence and currently the only serving member of Congress with a graduate-level degree in AI. He chairs the House's Task Force on AI and serves on the House Committee on Energy and Commerce Subcommittee on Health. In addition, he chairs the Science, Space and Technology Subcommittee on Investigations and Oversight.

This is a rare opportunity to learn from one of the nation's most respected experts on AI and healthcare in our evolving technological and regulatory landscape.
