##### **APPLIES TO:**

A. This policy applies to all IEHP Medi-Cal Members.

##### **POLICY:**

- A. State law requires Medi-Cal to be the payer of last resort for services when there is a responsible third party.<sup>1</sup> Members with other health coverage (OHC) must utilize their OHC for covered services prior to accessing their IEHP benefits.<sup>2</sup>
- B. IEHP and its Delegates must have processes in place to determine when Members have other health coverage (OHC).
- C. It is the responsibility of IEHP and its Delegates to utilize their clinical judgement and ensure that Members do not experience barriers accessing timely care for Medi-Cal covered services due to coordination with a Member's OHC.
- D. Regardless of the presence of OHC, IEHP and its Delegates must ensure Providers do not refuse to provide a covered Medi-Cal service to a Medi-Cal Member.<sup>3</sup>

##### **DEFINITIONS:**

- A. Provider – For the purpose of this policy, Providers include Physicians, Advanced Practice Practitioners, Behavioral Health Providers and Ancillary Providers.
- B. Delegate – A health plan, medical group, IPA, or any contracted organization delegated to provider utilization management services.

##### **PROCEDURES:**

cause a delay in care, IEHP and its Delegates will process the referral authorization request following their prior authorization process. See Policy 14D, “Pre-Service Referral Authorization Process.” ~~for more information.~~

- C. If it is determined that there is OHC present that covers the requested service and that coordinating with the Member’s OHC will not cause a delay in care for the Member, then IEHP and its Delegates will cancel the request in their medical management system and notify the requesting provider only in writing that the request be coordinated with the Member’s OHC. - D. The Denial Notice of Action (NOA) template is available on the Provider Portal at [www.iehp.org](http://www.iehp.org), under the ‘Forms’ section. The NOA would only be sent to Members/Providers if the requesting provider submits proof that the request is no longer covered or has been exhausted by the OHC and the request does not meet clinical guidelines.
- E. For IEHP and its Delegates to consider benefit coverage, proof that all sources of payment have been exhausted must be documented. Acceptable forms of such proof include:<sup>5</sup>
  - 1. A denial letter from the OHC for the service; or
  - 2. An explanation of benefits indicating that the service is not covered by the OHC.
- F. The Member to whom services were provided is not liable for any portion of the bill, except non-benefit items or non-covered services.<sup>6</sup>
- G. This OHC policy does not apply for Members that may have workers compensation or other third-party liability insurance related to accidental injuries. ~~Please See Policy 20F, “Coordination of Benefits.” for more information.~~

- G. Behavioral Health (BH) Providers who complete a second opinion evaluation or consultation must submit the "BH Initial Evaluation Coordination of Care Report" to the IEHP Behavioral Health and Care Management Department through the secure IEHP Provider portal as expeditiously as the Member's condition requires, but no later than two (2) weeks of a non-urgent visit or twenty-four (24) hours of an urgent visit. - I. The notification to the Practitioner that is performing the second opinion must include the timeframe and requirements for completion and submission of the consultation report.
- J. A request for second opinion may only be denied if the Member insists on an out-of-network provider when there is an appropriately qualified Provider in-network. If the request for second opinion is denied, the IPA provides written notification to the Member, including the rationale for the denial, alternative care recommendations, and information on how to appeal this decision.<sup>15</sup>
- K. Members disagreeing with the denial of their request for second opinion may appeal through the IEHP Appeal process. Refer to Section 16, "Grievance and Appeal Resolution System" for more information.

#### Monitoring and Oversight

- A. The PCP is responsible for documenting second opinion requests and monitoring receipt of consultation reports on the PCP Referral Tracking Log (See Attachment, "PCP Referral Tracking Log" in Section 14). Please see Policy 14A1, "Review Procedures – Primary Care Provider Referrals" for more information.
- B. IPAs must utilize a Second Opinion Tracking Log to track the status of second opinion requests and to ensure that the second opinion Provider provides the consultation report within the timeframes described in this policy (See Attachment, "Second Opinion Tracking Log" in Section 25). See Policy 25E2, "Utilization Management - Reporting Requirements" for more information.

- B. Psychiatric emergency – A mental disorder that manifests itself by acute symptoms of sufficient severity that it renders the patient as being either of the following:<sup>12</sup>
1. An immediate danger to himself or herself or to others; or
  2. Immediately unable to provide for or utilize food, shelter, or clothing due to the mental disorder.
- C. Emergency services – Covered inpatient and outpatient services that are furnished by a Provider qualified to furnish such services and that are needed to evaluate or stabilize a Member’s emergency medical condition.<sup>13</sup> This includes all professional, physical, mental, and substance use treatment services, screening examinations necessary to determine the presence or absence of an emergency medical condition and, if an emergency medication exists, for all services medically necessary to stabilize the Member.
- D. Post-stabilization services – Services related to an emergency medical condition that are provided after a Member is stabilized in order to maintain the stabilized condition, or are provided, to improve or resolve the condition.

#### **PROCEDURES:**

- A. Healthcare professionals must have internal policies and procedures that delineate what steps are to be taken in the event a Member presents to their office with a medical or psychiatric emergency requiring immediate intervention. These steps should include when office staff or Practitioners should call 911. Providers need to ensure all office staff and Practitioners are trained on how to handle these types of emergencies.<sup>14</sup>
- B. The financial responsibility associated with the diagnosis and/or treatment of a Member’s visit to an ED is as follows:
1. IPAs are financially responsible for:
    - a. All professional fees associated with the diagnosis and/or treatment of an ED visit when the Member has an emergency medical condition;
    - b. All professional components of an ED;
    - c. The professional components of the MSE; and

- D. If it is determined that the Member's condition was not emergent, the Member's IPA is responsible for the MSE, at a minimum. The Member is not financially responsible and must not be billed for any difference between the amount billed by the Hospital and amount paid by the IPA.

#### Post-Stabilization Care

- A. The attending emergency physician or treating Provider is responsible for determining when the Member is sufficiently stabilized for transfer or discharge.<sup>15,16,17</sup>
- B. IEHP ensures that a physician is available twenty-four (24) hours a day, seven (7) days a week to authorize medically necessary post-stabilization care and coordinate the transfer of stabilized Members in an ED, if necessary.<sup>18,19</sup>
- C. IEHP ~~and its IPAs~~ shall make every effort to respond to requests for necessary post-stabilization medical care within thirty (30) minutes of receipt. ~~In the event~~

Documentation includes, but is not limited to, the date and time of the request, the name of the requesting Provider, and the name of the IEHP representative responding to the request.

~~D.G.~~ IEHP has the authority to deny payment for the delivery of such necessary post-stabilization medical care or the continuation of delivery of such care if clinical documentation is not received timely.

~~E.H.~~ If IEHP denies the request for authorization of post-stabilization medical care and elects to transfer the Member to another health care provider, IEHP informs the provider of the health plan's decision and coordinates the transfer of the Member.<sup>29</sup>

#### **POLICY:**

- A. IEHP and its Delegates have policies and procedures that establish the process by which they prospectively, retrospectively, or concurrently review and approve, partially approve (modify), or deny, based in whole or in part on medical necessity, services requested by Providers for Members. These policies and procedures ensure that decisions based on the medical necessity of proposed health care services are consistent with criteria or guidelines that are supported by clinical principles and processes.<sup>1</sup>
- B. Primary Care Providers (PCPs) are responsible for supervising, coordinating, and providing initial and primary care to patients; for initiating referrals; and for maintaining the continuity of patient care.<sup>2</sup>

#### **DEFINITIONS:**

- A. Delegate – A health plan, medical group, IPA, or any contracted organization delegated to provide utilization management services.

#### **PROCEDURES:**

##### **Provider Responsibilities**

- A. Referral forms from the PCP or Specialist must include the following information:

    - a. Referrals that are not prioritized are handled as “routine.”
    - b. Referrals that are designated as “expedited” must include the supporting documentation regarding the reason the standard timeframe for issuing a determination could seriously jeopardize the life or health of the Member or the Member’s ability to regain maximum function;<sup>3</sup>
  2. The diagnosis (ICD) and procedure (CPT) codes;
  3. Pertinent clinical information supporting the request; and
  4. Signature of referring Provider and date. This may consist of handwritten signature,

6. Consulting with the referring Provider, when appropriate.<sup>6</sup>
- C. IEHP and its Delegates consistently apply criteria and standards for approving, partially approving (modifying or authorizing an amount, duration or scope that is less than requested), or denying requested services.<sup>7</sup> See Policy 25E1, “Utilization Management – Delegation and Monitoring.”

### F. Long-Term Care (LTC) 1. Custodial Level

---

#### **APPLIES TO:**

A. This policy applies to all IEHP Medi-Cal Members.

#### **POLICY:**

- A. IEHP ensures that Members in need of Long-Term Care (LTC) are placed in a health care facility that provides the level of care most appropriate to their medical needs. These health care facilities include but are not limited to skilled nursing, adult subacute, pediatric subacute, and intermediate care units.<sup>1,2</sup>
- B. The Member's IPA is financially responsible for professional services rendered during the month of admission and the month after. IEHP is financially responsible for facility services provided during the month of admission and for as long as the Member is enrolled with IEHP.
- C. Financial responsibility for Medi-Cal Members under age 21 or residing in Intermediate Care Facilities for Developmentally Disabled (ICF-DD) continues to reside with IEHP and the Member's IPA until the date the Member is disenrolled from IEHP to Medi-Cal Fee-For-Service (FFS).<sup>3</sup>

#### **PURPOSE:**

- A. To promote the appropriate placement of Members into long-term care when services cannot be provided in environments of lower levels of care or as an appropriate plan for transition from the hospital.
- B. To promote the transition of Members back into the community, as appropriate.

#### **DEFINITIONS:**

- A. Long-Term Care (LTC) – Rehabilitative, restorative and/or ongoing skilled nursing care to patients or residents in need of assistance with activities of daily living.<sup>4,5</sup>

non-licensed caregivers and involves help with daily activities like bathing and dressing.

#### **PROCEDURES:**

##### **Custodial Level Long Term Care and Provider Responsibilities**

- A. Members may be admitted to LTC facilities for custodial care from acute inpatient settings, transition from skilled level, or admitted directly from the community. For information on skilled level LTC, please see Policy 14F2, “Long Term Care – Skilled Level.”
- B. For Members directly admitted from the community, the treating Primary Care Provider (PCP) or Specialist must submit a referral to the Member’s assigned IPA requesting admission. Determinations must be made timely, not to exceed regulatory turnaround timeframes for determination and notification of Members and Practitioners (see Attachment, “UM Timeliness Standards – Medi-Cal” in Section 14).<sup>6</sup> See Policy 14D, “Pre-Service Referral Authorization Process” for more information.
- C. Within 48 hours of the Member’s admission, the LTC facility must submit to the IEHP all clinical documentation that demonstrate the medical necessity of the inpatient admission, including the Preadmission Screening and Resident Review (PASRR)<sup>7</sup>. If clinical documents are not received timely, the inpatient admission will be at risk for potential denial.
  - 1. For admissions from the community: The LTC facility must complete the PASRR upon admission and submit to the IEHP along with clinical documentation.
  - 2. For admissions from General Acute Care Hospitals (GACH): The LTC facility must ensure that the Preadmission Screening (PAS) has been completed prior to admitting. After admission from GACH, the LTC facility must complete the Resident Review (RR) and submit to IEHP along with clinical documentation.
- D. The LTC facility must submit all clinical documentation in advance of, or at the time of the Member’s discharge or transfer, and no later than within two (2) business days post-discharge. If clinical documentation is not received timely, IEHP will issue a denial of payment to the facility due to lack of clinical documentation supporting medical necessity.
- E. Prior to transferring a Member to a hospital, or before a Member goes on therapeutic leave, the LTC facility must provide written information to the Member or Member’s representative that specifies:
  - 1. That the Member has a right to a seven (7) day bed hold, during which the Member is permitted to return and resume residence.

2. The LTC facility's policy regarding bed holds, consistent with the following:

a. If the Member's hospitalization or therapeutic leave exceeds the bed hold period of seven (7) days, but the Member still requires the services provided by the LTC facility and is still eligible for said services, the Member may still return to their previous room if available, otherwise they will be able to return immediately upon the first availability of a bed in a semi-private room.<sup>9</sup>

~~E.F.~~ If an LTC facility determines that a Member who was transferred with an expectation of returning to the facility cannot return to the facility, the facility must follow the procedure for discharge in accordance with applicable state and federal requirements.<sup>10</sup>

~~E.G.~~ Contracted LTC facilities must use secure methods, including fax, telephone, and/or electronic data record exchange to inform IEHP of any LTC admission, discharge, or transfer, for all Members.

#### **IEHP, IPA & PCP Responsibilities**

- A. IPAs are responsible for forwarding to IEHP all requests for custodial level LTC upon receipt of the request and indicating whether the request for custodial level LTC is after an acute inpatient admission. These requests shall be forwarded to IEHP's Utilization Management Department via fax at (909) 912-1045.
- B. IEHP and its IPAs provide all necessary care coordination for Members in LTC facilities, including coordination of all aspects of the admission, such as but not limited to:
1. Determining the appropriate contracted facility for the Member;
  2. Arranging any necessary transportation services;
  3. Arranging for physician coverage at the facility as needed;
  4. Arranging for any necessary transfer of medical information; and
  5. If the IPA determines the need to keep the Member in their usual setting with additional ancillary services, then the IPA may contact IEHP's Care Management Department.
- C. IEHP is responsible for authorizing admissions and determining the appropriate level of care for LTC facility placement of Members with assistance from the Member's IPA Case Management (CM) department, as needed.
- D. IEHP collaborates with facilities to ensure that Members are placed in the appropriate level of care within network adequacy standards set forth by the Department of Health Care

### F. Long-Term Care (LTC) 1. Custodial Level

- 
- H. The Member's IPA, PCP and CM are responsible for the coordination of the Member's medical needs while inpatient for the month of enrollment into IEHP or admission to custodial care and month after, or until Member transfers into IEHP Direct.
  - I. IEHP must assess and estimate a length of stay for the Member as soon as possible after admission.<sup>14</sup>
  - J. IEHP is responsible for concurrent review to ascertain readiness for transition to a lower level of care such as assisted living, board and care facility, home with CBAS (Community-Based Adult Services), or other alternative setting. Quarterly Minimum Data Set (MDS) may be used as review or evaluation if its completion time falls within the period the review/evaluation is due.
  - K. PCPs must conduct follow-ups with discharged Members within appropriate timeframes. IEHP provides an Inpatient Discharge roster, accessible through the IEHP Provider Portal landing page, which displays the follow-up due date for Members.
  - L. IEHP will authorize bed holds as follows:<sup>15</sup>
    - 1. A separate authorization will be issued for up to a seven (7) calendar day bed hold.
    - 2. If the Member does not return to the LTC facility that requested the hold in seven (7) calendar days, the bed hold will expire.
    - 3. The LTC facility must accept the Member back, if requested, in order to receive payment for the bed hold.
    - 4. Bed hold is reserved for Members that intend to return to the LTC facility.
  - M. IEHP will notify the Member thirty (30) calendar days in advance of pending PCP change and/or IPA reassignment, if the Member is expected to exceed the month of admission and month following in LTC-Custodial Level.
    - 1. If the Member agrees, the PCP change and/or IPA reassignment will be implemented. If the Member does not agree, they will instead remain with their current PCP and/or IPA. The Member remains in LTC-Custodial Level whether or not they agree to the PCP change and/or IPA reassignment.
    - 2. Upon discharge from custodial level LTC, the Member will be reassigned to their original PCP and IPA.
  - N. Prior to being in custodial level LTC for ninety (90) calendar days, IEHP will request a copy of the completed MC171 form (if not already received) with the date it was submitted to the local agency (See Attachment, "MC171 Form and Instruction 05-07" in Section 14).

- R. IEHP and the Member's IPA Care Manager are responsible for assessing whether a Member may be eligible for the Nursing Facility (NF) Waiver Program, in consultation with the Member's family, as necessary. IEHP or the Member's IPA facilitates the application for the waiver as outlined in Policy 12P, "Home and Community-Based Alternatives Waiver Program."
1. The Member's IPA remains financially responsible for professional services until the Member is accepted into the NF Waiver Program.

#### **APPLIES TO:**

A. This policy applies for all IEHP Medi-Cal Members.

#### **POLICY:**

- A. IEHP ensures that Members in need of Long-Term Care (LTC) are placed in a health care facility that provides the level of care most appropriate to their medical needs. These health care facilities include, but are not limited to, skilled nursing, adult subacute, pediatric subacute, and intermediate care units.<sup>1,2</sup>
- B. The Member's Independent Physician Association (IPA) is financially responsible for professional services rendered during the month of admission and the month after. IEHP is financially responsible for facility services provided during the month of admission and for as long as the Member is enrolled with IEHP.
- C. IEHP is responsible for performing all aspects of non-delegated utilization management and care management responsibilities related to placement in skilled level LTC. IEHP will follow active Members while in an LTC facility.
- D. IEHP will only disenroll Members in these scenarios:<sup>3</sup>
  - 1. Member, who is under the age of 21, has been in an intermediate care facility for persons with developmental disabilities (ICF-DD) for the month of admission and the month following; or
  - 2. Member, who is between the ages of 22-64 years, was in an Institution of Mental Disease (IMD) upon enrollment and admission.

- B. Skilled Care – Medically necessary care that can only be provided by or under the supervision of skilled or licensed medical personnel. Examples include but are not limited to physical therapy, wound care, intravenous injections, and catheter care.<sup>5</sup>

#### **PROCEDURES:**

##### **Skilled Level Long-Term Care and Provider Responsibilities**

- A. Primary Care Providers (PCPs) must evaluate a Member’s need for skilled level LTC. A referral request must be submitted to the Member’s IPA with sufficient medical information from the Member’s PCP when transitioning from a community or usual setting. Determinations must be made timely, not to exceed regulatory turnaround timeframes for determination and notification of Members and Practitioners (see Attachment, “UM Timeliness Standards – IEHP Medi-Cal” in Section 14).<sup>6</sup> See Policy 14D, “Pre-Service Referral Authorization Process.”
1. If the Member is in an acute facility, physician orders with treatment modalities may be documented in the medical record or appropriate forms and discussed with UM staff in lieu of a referral being submitted.
- B. Adequate information must be available to determine the appropriate level of care, including:
1. The Member’s level of function and independence, prior to admission and currently;
  2. Caregiver/family support;
  3. Skilled care is required to achieve the Member’s optimal health status;
  4. Around-the-clock care or observation is medically necessary;
  5. The realistic potential and timeline for the Member to regain some functional independence;
  6. Information obtained from Physical Therapy, Occupational Therapy, and Speech Therapy Departments, as necessary; and
  7. Evaluation of alternative care to determine if the Member would be stable enough to achieve treatment goals, including:
    - a. Home health care;
    - b. Long term care (based upon the Member’s benefit); see Policy 14F1, “Long Term Care (LTC) – Custodial Level”;
    - c. Intermediate care (based upon the Member’s benefit);

  - g. Community networks and resources.
- C. Appropriately licensed staff must assist in the evaluation and placement of Members into LTC facilities including involvement in the development, management, and monitoring of Member treatment plans.
- D. Within 48 hours of the Member’s admission, the LTC facility must submit to the IEHP all clinical documentation that demonstrate the medical necessity of the inpatient admission, including the Preadmission Screening and Resident Review (PASRR)<sup>7</sup>. If clinical documents are not received timely, the inpatient admission will be at risk for potential denial.
- 1. For admissions from the community: The LTC facility must complete the PASRR upon admission and submit to the IEHP along with clinical documentation.
  - 2. For admissions from General Acute Care Hospitals (GACH): The LTC facility must ensure that the Preadmission Screening (PAS) has been completed prior to admitting. After admission from GACH, the LTC facility must complete the Resident Review (RR) and submit to IEHP along with clinical documentation.
- E. The treatment plan is implemented, evaluated, and revised by the LTC facility’s team of Providers and staff including, but not limited to, UM and/or CM staff, physicians, long-term care Providers and staff, and IEHP or the IPA, as appropriate. The Member and family are also involved in the implementation of the treatment plan to the extent necessary.
- F. Unless directed otherwise by IEHP, the LTC facility must, on a weekly basis, inform IEHP of the expected outcome of the Member’s health status. This includes but is not limited to clinical updates, status of goals, and discharge planning (See Attachments, “Long Term Care (LTC) Initial Review Form” and “Long Term Care (LTC) Follow-Up Review Form” in Section 14).
- G. Prior to transferring a Member to a hospital, or before a Member goes on therapeutic leave, the LTC facility must provide written information to the Member or Member’s representative that specifies:<sup>8</sup>
- 1. That the Member has a right to a seven (7) day bed hold, during which the Member is permitted to return and resume residence.
  - 2. The LTC facility’s policy regarding bed holds, consistent with the following:

a. If the Member's hospitalization or therapeutic leave exceeds the bed hold period of seven (7) days, but the Member still requires the services provided by the LTC facility and is still eligible for said services, the Member may still return to their previous room if available, otherwise they will be able to return immediately upon the first availability of a bed in a semi-private room.<sup>9</sup>

H. If an LTC facility determines that a Member who was transferred with an expectation of returning to the facility cannot return to the facility, the facility must follow the procedure for discharge in accordance with applicable state and federal requirements.<sup>10</sup>

G.I. The LTC facility must submit all clinical documentation in advance of, or at the time of the Member's discharge or transfer, and no later than within one (1) business day post-discharge. If clinical documentation is not received timely, IEHP will issue a denial of payment to the facility due to lack of clinical documentation supporting medical necessity.

H.J. Contracted LTC facilities must use secure methods, including fax, telephone, and/or electronic data record exchange, to inform IEHP of any LTC admission, discharge, or transfer, for all Members.

#### **IEHP, IPA and PCP Responsibilities**

- A. IPAs are required to have a similar process for review and authorization of requests for LTC skilled level placement from home.
- B. IPAs are responsible for forwarding to IEHP all requests for skilled level LTC upon receipt of the request and indicating whether the request for skilled level LTC is after an acute inpatient admission. These requests shall be forwarded to IEHP's Utilization Management Department via fax at (909) 912-1045.
- C. Starting at admission, IEHP and IPAs must collaborate with the facility to ensure that all discharge needs of the Member are met.
- D. IEHP and its IPAs provide all necessary care coordination for Members in LTC facilities, including coordination of all aspects of the admission, such as but not limited to:
  - 1. Determining the appropriate contracted facility for the Member;
  - 2. Arranging any necessary transportation services;
  - 3. Arranging for physician coverage at the facility as needed;
  - 4. Arranging for any necessary transfer of medical information; and
  - 5. If the IPA determines the need to keep the Member in their usual setting with additional ancillary services, then the IPA may contact IEHP's Care Management Department.

for LTC facility placement of Members with assistance from the Member's IPA Case Management (CM) department, as needed.

- F. IEHP collaborates with facilities to ensure that Members are placed in the appropriate level of care within network adequacy standards set forth by the Department of Health Care Services (DHCS).<sup>11,12</sup> IEHP ensures sufficient network capacity to enable placement in SNFs within the following timeframes:
1. Riverside – Within seven (7) business days
  2. San Bernardino – Within fourteen (14) calendar days
- G. The criteria for admission of Medi-Cal Members to various levels of LTC facilities are described in the following sections of Title 22 of the California Code of Regulations:<sup>13</sup>
1. Skilled Nursing Facility - Section 51124

  3. Pediatric Subacute Care Services - Section 51124.6
  4. Intermediate Care Services - Section 51120
- H. Appropriate LTC skilled level placement involves the following factors:
1. The Member requires continuous availability of skilled nursing services or skilled rehabilitation services daily.
  2. Only contracted LTCs are utilized. If none are available, either the Member's IPA or IEHP, based on financial responsibility, shall initiate a letter of agreement (LOA) prior to admission.
  3. The Member's eligibility and schedule of benefits are verified prior to authorizing appropriate services and within the first five (5) days of each month for Members remaining in LTC.
- I. Authorization details will be available for the facility to view on the secure IEHP Provider portal once facility face sheet, admission orders, MC171 form, and if indicated, inter-facility transfer form have been received by IEHP (See Attachment "MC 171 Form and Instruction 05-07" in Section 14). Non-contracted facilities are provided authorization details verbally.
- J. IEHP begins performing concurrent review at admission and may perform this onsite by chart review or telephonically. 1. Clinical progress notes must be received within two (2) business days of admission and at least weekly until discharge, unless directed otherwise by the IEHP LTC Review Nurse.
  2. Timely submission of clinical progress notes is required in order to determine whether continued stay at this level of care remains medically necessary. Therefore, untimely submission of clinical progress notes could result in denial of skilled days.
  3. Discharge planning should begin upon admission. IEHP must be informed of any discharge need requiring authorization as soon as need is known and prior to day of discharge (See Attachment, "Service Request Form for Skilled Nursing Facilities" in Section 14).
- K. Reviews should include physician communication and ongoing communication with other healthcare professionals involved in the Member's care as necessary. IEHP must review and make the best clinical decision possible based on the clinical documentation provided by the skilled nursing facility. Authorization decisions must be made within two (2) business days of receipt of request.
- L. UM staff, together with the interdisciplinary team of Providers and staff, guide the Member toward meeting the treatment plan goals that include transfer to a lower level of care when it is medically appropriate.
- M. UM staff assists in the discharge planning process and the transfer and follow-up of the Member to the next level of care.
- N. Transfer to a board and care or home environment is initiated when it is determined that the Member is at a "custodial" level of care and can be safely managed at a lower level of care (based upon the Member's benefit).
- O. All stays greater than the month of admission and the month after are the responsibility of IEHP. IPAs must notify IEHP of Members who are receiving skilled care as of the previous month by faxing the Long-Term Care (LTC) Data Sheet along with the face sheet to (909) 912-1045.

#### **APPLIES TO:**

- A. This policy applies to IEHP Medi-Cal Members and living donors to IEHP Members for the purposes of major organ transplant (MOT).

#### **POLICY:**

- A. IEHP has policies and procedures that establish the process by which they prospectively, retrospectively, or concurrently review and approve, partially approve (modify) or deny, based in whole or in part on medical necessity, services requested by Providers for Members. These policies and procedures ensure that decisions based on the medical necessity of proposed health care services are consistent with criteria or guidelines that are supported by clinical principles and processes.<sup>1</sup>
- B. IEHP ensures the provision of discharge planning when a Member is admitted to a Hospital or Long-Term Acute Care (LTAC) facility and continuation into the post-discharge period. This shall ensure that necessary care, services, and supports are in place in the community for the Member once they are discharged.<sup>2</sup>

#### **PURPOSE:**

- A. To ensure the appropriateness of inpatient admission, level of care, and length of stay (LOS) based upon medical necessity.

#### **PROCEDURES:**

##### **Hospital/Facility Responsibilities**

- A. Contracted and non-contracted Hospitals and LTAC facilities must notify IEHP upon a Member's planned or unplanned inpatient admission or as soon as the facility deems the need ~~for inpatient admission~~ to obtain authorization for the inpatient stay. ~~If circumstances do not allow for more timely notification, Contracted hospitals must to use secure email or data exchange to inform IEHP of any hospital admission for all Members. Contracted hospitals must make this notification either immediately prior to, or at the time of, the Member's discharge or transfer from the hospital's inpatient services (if applicable) at the very latest-if circumstances do not allow for more timely notification.~~
- A.B. ~~Contracted hospitals must use secure methods, including fax, telephone, and/or electronic data record exchange, to inform IEHP of any hospital admission for all Members. At the latest, notifications must be made prior to, or at the time of the Member's discharge or transfer from inpatient services~~ Such notification may be done via fax at (909) 477-8553, phone or electronic health record data exchange. a day by phone at 866-649-6327.

1. Hospitals do ~~not~~ need to supply IEHP a notification of admission for standard obstetric (OB) deliveries. ~~However, n~~No prior authorization is needed for these services and hospitals should bill post-discharge. Please refer to Section 20, "Claims Processing" for additional guidance on billing procedures. Length of stay for standard OB deliveries is defined as follows:<sup>3</sup>

- a. Two (2)-day stay for vaginal delivery
- b. Four (4)-day stay for cesarean delivery

Authorization is required for admissions that exceed these standard lengths of stay. In such instances, Hospitals must provide IEHP with notification of admission and clinical documentation along with a request for authorization within one (1) business day of exceeding the standard length of stay.

~~B.C.~~ Within one (1) business day of **notification of** the Member's admission, the Hospital or LTAC facility must submit to IEHP all clinical documentation that demonstrates the medical necessity of the inpatient admission. If clinical documents are not received timely, the inpatient admission will be at risk for timely review and may potentially be denied.

~~C.D.~~ The Hospital or LTAC facility must begin discharge planning upon admission and inform IEHP of any discharge needs that may require authorization as soon as need is known and no later than the day prior to day of discharge (see Attachment, "Acute Hospital Discharge Needs Request Form" in Section 14).

1. Discharge planning is also extended to individuals, who may not be enrolled in IEHP Medi-Cal but serve as a living organ donor to a IEHP Member.

~~D.E.~~ Discharge planning must ensure that necessary care, services, and supports are in place in the community for the Member once they are discharged from the Hospital or LTAC, including scheduling an outpatient appointment and/or conducting follow-up with the Member and/or caregiver. For Medi-Cal SPD Members, discharge planning must include, at minimum:<sup>4</sup>

1. Documentation of pre-admission status, including living arrangements, physical and mental function, social support, durable medical equipment (DME), and other services received;
2. Documentation of pre-discharge factors, including an understanding of the medical condition by the Member or their representative, physical and mental function, financial resources, and social supports;
3. Services needed after discharge, type of placement preferred and agreed to by the Member or their representative, specific agency or home recommended by the facility and agreed to by the Member or their representative, and pre-discharge counseling

4. Summary of the nature and outcome of the Member or their representative's involvement in the discharge planning process, anticipated problems in implementing post-discharge plans, and further action contemplated by the Hospital or LTAC facility.

E.F. The Hospital or LTAC facility must submit all clinical documentation within one (1) business day post-discharge. If clinical documentation is not received timely, IEHP will issue a denial of payment to the facility due to lack of clinical documentation supporting medical necessity.

F.G. The attending Physician is responsible for the Member's care while hospitalized and must perform the following functions:

1. Assess the Member's medical status upon admission, determine level of care and estimated length of stay, and document this information in the medical record;
2. Verify that appropriate medical criteria were utilized for inpatient admission;
3. Communicate the medical assessment to IEHP either verbally or in writing; and
4. Continue to document medical necessity in the medical record for the duration of the Member's Hospital stay.

#### **IPA Responsibilities**

A. If directly notified by a Hospital or LTAC facility of an inpatient admission, IPAs must immediately notify the IEHP Utilization Management (UM) department.

A.B. Starting at admission, IPAs must collaborate with the hospital and IEHP to ensure appropriate discharge planning that all discharge needs of the Member are met.

#### **IEHP & PCP Responsibilities**

- A. IEHP performs admission review within one (1) business day of knowledge of admission.
- B. IEHP performs concurrent review daily for per diem contracts or based on clinical criteria for All Patient Refined Diagnosis Related Group (APR-DRG) until discharge. Concurrent review may be performed either on-site by chart review or telephonically.
- C. Reviews are performed based on nationally recognized clinical criteria and IEHP Utilization Management Subcommittee Approved Authorization Guidelines. - C. If the Member elects an out-of-network (OON) hospice, IEHP has the option of immediately initiating a contract (one time or ongoing) with the hospice care provider or referring the Member to a network hospice care Provider.
- D. In the following scenarios, IEHP considers a one-time or ongoing contract with the established hospice care Provider until the new election period, or until the end of hospice services:
  - 1. New Members receiving hospice at the time of their enrollment with IEHP may not be able to change their hospice care Provider even if requested due to limitations on the number of times there may be a change in the designation of a hospice care Provider during an election period; and/or
  - 2. If it is determined that a change in hospice care Providers would be disruptive to the Member's care or would not be in the Member's best interest.

1. After the initial ninety (90)-day period;
  2. After the subsequent ninety (90)-day period; and
  3. After each subsequent sixty (60)-day period thereafter.
- D. For the third benefit period recertification, and every re-certification thereafter, there must be a face-to face-encounter between the Member and the certifying provider no more than thirty (30) days prior to the certification date, to gather clinical findings to determine continued eligibility for hospice care.
1. A Face-to-Face encounter with the Member is required to determine eligibility and must be performed by hospice physician or hospice nurse practitioner. A hospice physician or NP who performs the encounter must attest in writing that he or she had a face-to-face encounter with the Member, including the date of the encounter.
  2. The attestation, its accompanying signature, and the date signed, must be a separate and distinct section of, or an addendum to, the recertification form, and must be clearly titled. - E. The hospice care Provider is expected to complete the Physicians Orders for Life Sustaining Treatment (POLST) for 100% of IEHP Members admitted to hospice.
- F. The hospice care Provider will ensure that for Members with a Full Code status, advanced care planning conversation is conducted and documented on at least a bi-weekly basis and at least monthly for all other Members.
- G. As a standard of care, the hospice care Provider will ensure that the Hospice Interdisciplinary Group or Team reviews, revises and documents the individualized plan as frequently as the Member's condition requires, but no less frequently than every fifteen (15) calendar days.
- H. When discharging a Member from hospice care due to patient expiration, the hospice care Provider must submit the Discharge Summary to IEHP within five (5) business days of the Member expiring. This may be sent to IEHP via fax at (909) 297-2513.
- I. When discharging a Member due to revocation or ineligibility, the hospice care Provider must notify IEHP as soon as possible and no later than five (5) business days of revocation or known ineligibility to allow IEHP to coordinate the Member's care.

## II. Admission Instructions

### A. Preparation

Prepare an original and two copies of this form for each SSI/SSP and/or Medi-Cal admission.

### B. Distribution

**Copy 1:** Attach to the Treatment Authorization Request (TAR) and send to the Department of Care Health Services, Medi-Cal field office in your area. It will be forwarded by the Medi-Cal field office to the county welfare department.

**Copy 2:** Retain for your file.

## III. Discharge Instructions

### A. Preparation

Prepare an original and two copies of this form for each SSI/SSP and/or Medi-Cal discharge. Instead of completing a new form, use copy two of the form retained in your file as part of the admissions process. Complete Part III of the form (which becomes the original for the discharge process), and make two copies.

### B. Distribution

**Original:** Send to the Medi-Cal field office.

**Copy 1:** Send to the county welfare department (see attached list).

**Copy 2:** Retain for your file.

## IV. Explanation of over 50% of cost of care mentioned in item II.C. of this form.

Cost of care is the daily charge per patient excluding any additional services rendered to the patient which are billed separately by other providers (i.e., ambulance, physician, pharmacy, etc.).

For example, if the daily rate is \$30 per day, the monthly charge for a 30-day month would be \$900. If a patient enters the facility during the month of January, and is expected to stay at least one full calendar month after the month of admission (through February), a "YES" response would be indicated for item II.C. if Medi-Cal is expected to pay over \$450 of the \$900 charge for February.
